

Embassy Suites by Hilton Continues Atrium Refresh Initiative with Renovation of San Antonio Hotel

By: Embassy Suites by Hilton | 0 Shares 25 Reads

45 Embassy Suites have completed renovations to date; more than 60 percent of properties will have an interior that is less than six years old by 2019

March 13, 2017 // [Franchising.com](#) // SAN ANTONIO, TX. - Embassy Suites by Hilton, a global brand of upscale, all-suite hotels from Hilton (NYSE: HLT), and Hotel Capital recently celebrated the completion of an 11-month, \$7 million renovation of the Embassy Suites by Hilton San Antonio NW I-10. The property is the latest Embassy Suites to complete an Atrium Refresh, an initiative designed to revitalize existing hotels by transforming the brand's signature large, open-air atriums into intimate social lobbies.

Global Head of Embassy Suites, Alan Roberts, joined executives from Hotel Capital and Orix Real Estate Americas at the Embassy Suites by Hilton San Antonio NW I-10 for a ribbon-cutting ceremony, marking the official completion of the renovation. Afterwards, attendees participated in guided tours of the redesigned hotel, which now features contemporary décor elements in a soothing color palette, modern seating and furnishings, Texas-inspired artwork, and a reimagined atrium with inviting and intimate areas for working, eating and socializing.

"The transformation of this property demonstrates the purpose of our Atrium Refresh initiative – revitalizing classic hotels within our portfolio to meet the evolving needs of our guests," said Alan Roberts, global head of Embassy Suites by Hilton. "Between new hotel openings and completed refreshes, more than 60 percent of our portfolio will have an interior that is less than six years old by 2019."

Embassy Suites by Hilton San Antonio NW I-10's renovation also extended into the guest accommodations, and other public areas such as the bar, restaurant and meeting facilities. Each of the hotels' 216 suites was refitted with plush bedding, wood-paneled walls, modern furnishings and spacious living areas. The hotel also reconfigured the guest suites to create four new family-style suites, as well as converting the eighth floor into a Premium Suite level exclusively for VIP guests. The hotel features a state-of-the-art fitness center, 5,568 square feet of meeting spaces spread across four meeting rooms with digital reader boards and improved light fixtures, and a business center equipped with advanced audiovisual capabilities.

“The extensive renovations recently completed at the Embassy Suites San Antonio NW I-10 enable the hotel to continue to provide guests with superior accommodations and a highly satisfying stay,” said General Manager Charlie Olisa. “Our redesigned spacious suites appeal to business travelers by affording more space to work and relax, while families enjoy the comfort and flexibility offered through separate living and sleeping areas.”

Nearly 45 Embassy Suites hotels have undergone an Atrium Refresh to date, with 33 more properties expected to complete their renovations this year alone. Nearly 40 percent of existing properties are expected to undergo a refresh as part of a larger renovation through 2019.

Additionally, the atrium concept has been enhanced for new hotels through the brand’s Design Option III concept. Newly constructed hotels will feature an open-air space designed for socialization and comfort that allows for natural light to enter throughout, and gives owners the flexibility to customize the property’s design.
